

PALM BAY ALCOHOL PROVISIONING

Information guide:

- Please note we are unable to send unaccompanied alcohol on the ferry
- Alcohol can be re-packed within your groceries/provisioning order
- Therefore you must have a confirmed grocery/provisioning order with the IGA **or** with Fish D'Vine
- You are limited to max 6 bottles (wines/spirits) + 1 carton Beer/Cider
- If ordering from IGA - **please** advise them that you have "alcohol provisions to be collected"
- *(You can do this in the "special requests" section of the IGA online order)*
- Alcohol provisions are to be paid directly to the Bottle-O "Jubilee Cellars"
- Unfortunately our product list is not in a format suitable for email
- If you advise us of your usual brand preferences, grape varieties and approx. unit spend. We will be happy to confirm, provide recommendations or offer alternatives along with our current pricing
- You can also visit the "Bottle-O" website for advertised promotional specials (postcode 4802)
- **Orders will only be delivered on the 4.10pm ferry transfer**
- **We require a minimum 48hrs notice to process your order**
- *(example: if you arrive on a Wed and wish your order delivered on Wed, you must have a confirmed alcohol order organised and paid by 4.00pm Mon)*
- **We have a \$50 minimum order fee**
- Please understand that we are located in regional Queensland and are serviced once a week from our supply chain. Whilst we do our best to stock a full range of products, from time to time we do run short. To avoid any disappointment we encourage you to discuss your alcohol provisioning as early as possible.

We look forward to receiving your enquiry soon.

Kenny
